
Küschall®

Overview:

The course is aimed at those wishing to gain knowledge on the Küschall® range available at Invacare®. The one day course will look at the Champion, Compact, K-Junior, K-series, KSL and the Ultra-Light, offering unique mentor training. A product workshop will also be available for those wanting a closer look at the products along with an overview of the Invacare® Electronic spare parts catalogue system. The course will also involve a general guide to patient set-up, looking at how to correctly measure a seat width and depth etc.

Course Content:

1. Review of the Küschall® range
2. Electronic spare parts catalogue – overview of the system
3. Mentor training
4. Patient set-up
5. Product workshop

Who will benefit from the course?

- Occupational Therapists
- OT Assistants and Occupational Therapy Students
- Rehab Engineers
- Invacare® Dealers

Course level: Basic
