

SB[®] 755

When comfort comes first

An adaptive support system

for varying client needs

Yes, you can.®

Comfort and support in all resting positions

Combining comfort, ease of handling and safety, our SB 755 care bed fits well into any home-care or long-term care environments.

Offering optimum comfort with an ideal seating position to minimise shear and friction. Caregivers can easily adjust the bed to meet individual client requirements.

Featuring an extendable head and foot end, the SB 755 is suitable for taller clients. Both

caregivers and clients can experience improved comfort and general well-being.

With the option to choose a bed that is specially adapted to withstand cleaning in a washing machine, the SB 755 is now even easier to maintain.

Easy to store and transport

Mounting and dismantling the SB 755 has been made simple for ease of transport and storage. Simply position the bed on its base and wheel it from the vehicle to the bedroom. Assembly can be carried out quickly and easily by one person. No part of the bed weighs more than 25 kg and dismantable scissors are available as an option.

Safety and quality assured

Safety standard IEC 60601-2-52 compliant, our trusted SB 755 range can be relied upon for its high safety standards and optimal quality, helping to deliver reliable long-term support for clients.

1

Auto-regression function

Client comfort when activating backrest, minimising shear and friction.

Handle to support the client reposition and get in and out of bed.

Longer side rail to fit extended bed

SB® 755 Wide

Taller, wider, bigger...

Our popular SB 755 is available in wider variants of 1050 mm and 1200 mm and can be extended at both ends, providing even more comfort for taller or bigger clients.

These wider models provide extra space and comfort for larger clients and plenty of room to turn. The SB 755 Wide has been engineered with an improved auto-regression system to offer total comfort. The bed also offers an optimal seating position and is designed to

reduce shear and friction. The SB 755 Wide is attractive and modern; the streamlined design is easy to clean and will blend harmoniously into any homecare or long-term care environment.
