

For more than a decade, the **Action**® family of chairs have been a symbol of **quality, reliability and exceptional performance.**

Retaining the high build quality that the **Action** family is renowned for, the latest addition, the new award winning **Action** 5 has been designed to reduce complexity and give clients even greater flexibility.

All chairs in the **Action** range are compatible with other Invacare products. A great aspect of their cross compatibility is that a vast amount of the range can be fitted with different seating and positioning options to make the chairs even more configured to individual needs;

Designed around the person from paediatric to bariatric

The Matrix Seating Series combines the leading positioning backrests with innovative pressure redistributing cushion products. They provide precise positioning within the wheelchair for optimal postural support, with a vast range of sizes available to fit a variety of people.

- Matrix Elite backs feature a lightweight aluminium shell appealing to individuals with active lifestyles.
- The Easy Set hardware is simple and easy to install fitting 19mm, 22mm and 25mm diameter back canes.
- The new lightweight Matrix Libra cushion combines foam and fluid Flo-tech technology weighing only 1.6kg.

SEATING SERIES

Ultimate pressure and positioning capabilities

The Invacare Vicair cushions provide a unique combination of superior pressure re-distribution, comfort and optimal positioning, making it suitable for clients at 'Very High Risk' of developing pressure ulcers.

- Smart Cell technology — provides superior pressure redistribution with custom positioning capabilities.
- Ready for use — Each cushion comes ready to use once it has been properly fitted.
- Low maintenance — Once properly adjusted a Vicair cushion will not leak air or require frequent adjustments.

**VICAIR**®

Strengthen your position

Positioning has a huge influence on the quality of life for wheelchair individuals. When used with the **Action**® range, Bodypoint's supports can have a positive impact on their lifestyle through improved comfort, stability and mobility.

- Bodypoint has become synonymous with innovative designs and high quality positioning accessories.
- The range of belts, harnesses and foot supports address many needs, from basic to complex requirements.
- Invacare is an official UK distributor.
