

Invacare® | **Matrix® Flo-tech™ Contour Visco**

Contoured Visco memory foam that conforms to the shape of the body

matrix®
SEATING SERIES

INVACARE
Yes, you can.

The *Invacare Matrix Flo-tech Contour Visco* cushion is moulded from Visco-elastic foam. Its contoured surface area conforms to the body, improving posture, increasing comfort and maximising the surface area in contact with the individual, thereby increasing pressure redistribution.

Deep moulded low memory foam cushion

The visco-elastic foam conforms to the body. By maximising the contact area it redistributed pressure and delivers exceptional levels of comfort. The deep foam makes this cushion particularly suitable for heavier and taller people.

Contoured seating surface with pommel and side support

Offers increased lateral support and pelvic stability to enhance posture.

Features and Options

Ingress resistant cover

Cover is two-way stretch, water-resistant and vapour-permeable. Cover features an anti-slip base with carry handle for easy transportation.

Available in 58 sizes

The *Invacare Matrix Flo-tech Contour Visco* is available in a range of 58 sizes, from 14-20" widths and 13-21" depths. (See prescription chart for details).

Four foam densities available

Available in four densities to accommodate a range of client weights - Soft (up to 51 kg), Medium (up to 76 kg), Firm (up to 108 kg) and Very Firm (up to 127 kg).
